PROFESSIONAL SUMMARY

Full Stack Developer with over 4 years of experience, specialized in frontend with Next.js, React, and TypeScript. Proven track record in technical leadership — served as Web Team Head at a mid-sized agency and currently lead the frontend development team at MySide, a product built for personal shoppers. Expertise in scalable application architecture, mobile-first responsive design, automated testing, performance optimization, and RESTful/GraphQL API integration. Degree in Computer Engineering from UEPG.

PROFESSIONAL EXPERIENCE

Front-end Developer & Team Lead · MySide | Apr 2025 – Present

- Team leadership and front-end development of two products from scratch for personal shoppers, with scalable architecture and mobile-first quality focus.
- Mobile-first PWA: AI-integrated chat for querying developments, builders and typologies, plus a task and event control pipeline.
- Desktop application: negotiation management, property search engine, and interactive presentation tool for strategic first contact with clients.
- Stack: Next.js 15 (App Router), React 19, TypeScript, Tailwind CSS, Context API, React Query — focus on scalability and intensive use of AI in the development workflow.
- Structured unit and component tests with Jest and React Testing Library, ensuring code coverage and reliability.
- Defined front-end architecture, coding standards, PR reviews, and software quality processes.

Full Stack Developer · Laon Labs | Oct 2024 – Dec 2024

- Developed full-stack solutions focused on user experience and system integration.
- Performance optimization, responsive design, and critical bug fixes in production.
- Stack: Next.js, React, JavaScript, Node.js, TypeORM, Apache Kafka — microservices architecture.

Web Team Head · Agência Ade! | Jan 2024 – Oct 2024

- Led the web development team, fostering a collaborative and innovative work environment.
- Developed and implemented digital strategies aligned with client business goals, resulting in significant increases in engagement and conversion.
- Project management, code review, and mentoring of team members.
- Stack: Next.js, React, TypeScript, Node.js, Prisma, Fastify, WordPress (CMS/backend).

Web Developer · Agência Ade! | Feb 2023 – Dec 2023

- Technical leadership on Next.js projects, ensuring advanced web development practices and SEO optimization.
- Automated styling processes with Tailwind CSS, increasing team productivity and visual consistency.
- Developed custom features and advanced WordPress integration as CMS/backend.

Web Development Intern · Agência Ade! | Aug 2022 – Jan 2023

- Developed modern and responsive interfaces with Next.js and Tailwind CSS.
- WordPress integration as a CMS/backend solution.
- Collaborated in multidisciplinary teams across design, development, and marketing.

FEATURED PROJECTS

Recanto do Trovador

- Modern booking system for a countryside venue: automated payments, dynamic pricing management, and cancellation policy integrated with Asaas.
- Stack: Next.js 15, React 19, TypeScript, Tailwind CSS, Turborepo, PostgreSQL, Supabase, Asaas, GraphQL.

M3H Construtora

- Full platform for real estate development management: client transparency and centralized control of construction, invoices, visits, and documents.
- Stack: Next.js, React, TypeScript, Tailwind CSS, Node.js, Prisma, Supabase, PostgreSQL.

Voto Radar

- Online electoral research platform for strategic data collection and analysis: trends, voter approval, and rejection.
- Stack: Next.js, React, TypeScript, Tailwind CSS, Node.js, Prisma, Supabase, PostgreSQL.

Watanabe

- Multilingual website with custom catalog, media upload, magic link authentication, and Supabase + WordPress integration.
- Stack: React, Next.js, TypeScript, Tailwind CSS, Supabase, WordPress.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, Tailwind CSS, shadcn/ui, Radix UI, Zustand, Context API, React Query, React Hook Form, Zod, Framer Motion, PWA

Backend: Node.js, Fastify, Prisma, Drizzle, PostgreSQL, Supabase, REST APIs, GraphQL, JWT, Resend API

Testing: Jest, React Testing Library

Tools: Git, GitHub, GitLab, Vercel, Turborepo, Figma, VS Code, Cursor, ESLint, Prettier, npm, yarn

Other: WordPress (CMS/backend), i18n, SEO, Web Performance, Design Responsivo, Mobile-first

EDUCATION

Bachelor's Degree in Computer Engineering

Universidade Estadual de Ponta Grossa (UEPG) · Completed

CERTIFICATIONS

- React: Migrating to TypeScript — Alura
- Next.js: Authentication and Token Management — Alura
- Node.js: REST API with Express and MongoDB — Alura
- Node.js: Search, Filters, Pagination and Error Handling in APIs — Alura
- React: Global State Management with Context API — Alura
- Git and GitHub: Repository, Commits and Versioning — Alura

LANGUAGES

- **Portuguese** — Native
- **Technical English** — Intermediate (reading/writing documentation, APIs and international projects)
